-- "The Faerie Queene," Book I, Canto I Edmund Spenser

D e

"Going therefore, teach ye all nations, baptising them in the name of the Father and of the Son and of the Holy Ghost, teaching them to observe all things whatsoever I have commanded you . . ."

It is usually with difficulty that a man is both an example and an inspiration to those below him in position and achievement. Father Sullivan, by his humble devotion to this command of Christ, has shown us that manhood is a perfection towards which we should always strive with an awakened ability. An essential part of our character development has come about from our contact with this priest and educator.

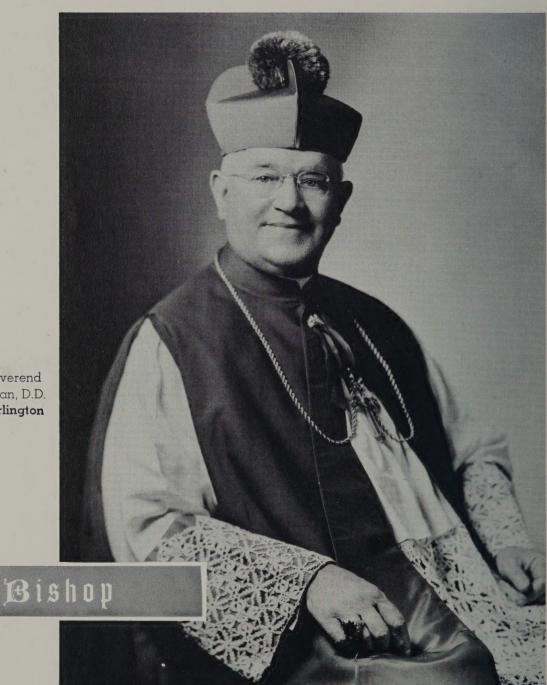

It is with an admiration for this singular man and all he personifies, that we, as individuals, have been able to establish and pursue a way of living and thinking that will bring forth our complete individual manhood. It is with a somewhat rare pride, that we, as the Class of 1951, dedicate this edition of the Shield to the Reverend Thomas D. Sullivan, S.S.E.

dica/tion

Our College is located in the diocese of Burlington and the position as head of this diocese has been held by a staunch friend of St. Michael's, Bishop Edward F. Ryan, D.D.

Bishop Ryan was appointed by His Holiness, Pope Pius XII to the See of Burlington in 1945. It was in that year that the school began to expand its facilities. Since St. Michael's was the only Catholic men's college in Vermont, it was natural that Bishop Ryan should adopt it as his very own — and give it the same encouragement his predecessors had given.

In appreciation of his special interest and his encouragement to the College, St. Michael's showed its gratitude when on the feast of St. Michael's, September 29, 1950 it dedicated its new dormitory — and named it Bishop Ryan Hall.

The Most Reverend Edward F. Ryan, D.D. Bishop of Burlington

Some of us were unaware—because we had never stopped to consider it—that the men who taught us in class and proctored our halls, represented only a small part of the Society of St. Edmund.

Besides its work at St. Michael's, and throughout Vermont, this small but far flung order has also been active in England, Canada and France and in the demanding work of the southern missions in our own country.

demanding work of the southern missions in our own country.
For these increasing activities, the Society has been fortunate in having as its Superior General the Very Reverend Jeremiah T. Purtill SSE, the first St. Michael's graduate to head the order.

The success of all of these enterprises has been due in no small part to the energy and zealous endeavor of Father Purtill.

And gazing wonder they their minds did fill; For never had they seen so strange a sight."

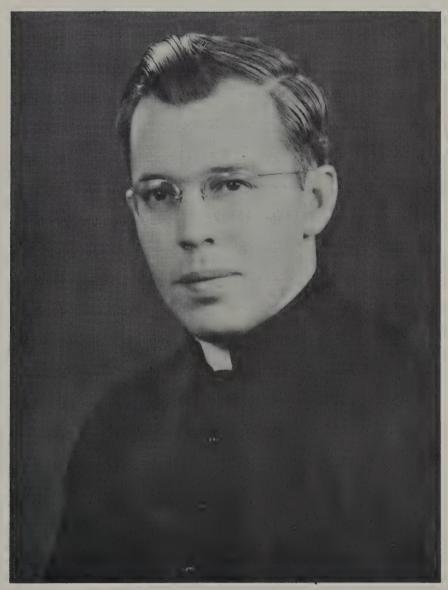

^{-&}quot;The Faerie Queene," Book II, Canto IX- Edmund Spenser

Very Reverend Daniel P. Lyons, SSE **President**

During our four years we watched with amazement as Fr. Lyons bent his every effort towards the gradual development of a bigger St. Michael's College. This was an endeavor which demanded all his seemingly unlimited strength and his love for the College. By means of a dauntless perserverance Fr. Lyons was successful in the instigation and continuation of the expansion of St. Michael's. The result of his ambition and ability was obvious to us, as it was to all who came in contact with the school. It was through Fr. Lyons that a Catholic College education became available to many young men who would otherwise have been denied it. As we prepared to leave our school we took with us a deep-felt pride and gratitude that we had been fortunate enough to come under his familiar, friendly, sincere influence.

Along with the expansion of St. Michael's went an expertly guided advancement of academic standing. Each year, the catalog carried a list of the "adjustments" which were designed to streamline our education. At the same time, our courses were aimed towards combating the materialism and sensualism of our world, while still emphasizing that the most important factor in education was the individual student. The man mainly responsible for these achivements was Fr. Dupont. In addition, it was through his individual attention that many of us were guided through the confusion which accompanies the undertaking and completion of a college education. In considering every problem, Fr. Dupont always took a long range view and it was this trait which we grew to associate with his character.

Bob was one of the plank-owners at Companion Manor. He was one of the few that always had a clean shave and civilian clothes, well pressed. Bob had a laugh that was difficult to classify, somewhat fiendish, somewhat saintly. He was always prepared for a party (grape juice and olives). It will be a long time before his heroic defense of the Burlington Yacht Club is forgotten. Vermont hailed him as its only Yak trainer.

The "Big A" arrived at St. Michael's during a snowstorm. He could always be found defending Mozart and Wordsworth against the shouts and screaming of the crowd from Massachusetts. A sportman par excellence, he found great pleasure in breathing. He was the only one who couldn't hear a radio unless the walls shook. He and "Slats" Weinman will always be remembered for their production of "Henry V." The raincoat and gloves were not sewn on.

Fishing was Lee's great love during vacations. Of course, that wasn't his only love.

Tim came to us from New York's tall timber country, the sawdust still in his pants' cuffs. He left us a world traveller and a leader of men. He swept through most of the clubs on campus, leaving a trail of successes behind him. As a debater, his logic was devestating; as a council president he displayed the wisdom which was his outstanding trait.

Right out of the pages of Esquire stepped Bill. If he had ever stepped away from Rudy's, the Hood Street gang would have had to go back to flour sacks and barrels. Fall found him at football, winter found him on the Mountain, and all four years found us agog as we tried to keep track of his love life. We were always about three girls behind.

C L A S S H I S T O R Y

Fr. Tining - moderator of the class of '51

It was cold that September morning in 1947 as we lined up for the seven hour ordeal of registration. Vermont was shivering under an unseasonable spell of chilly weather. This fact was recorded in the morning Free Press immediately over the headline which reported the attempts of the UN to settle an election in Korea.

Most of us however, gave little attention to anything besides the sport pages which noted the fact that the Yanks and Dodgers were headed for the World Series (New York won) and that St. Michael's and Vermont were going to play their first football game in 13 years (Vermont won).

Soon we worked our way into the swing of our freshman year and made tentative investigations of the Gay College Life. The long warm fall was enlivened by a mascot controversy as small voices clamored for such pets as hawks, goats, dogs, panthers, deer, falcons, bears and tigers. None of these seemed to fit the job — no mascot.

November ended with Old Hall's fourth floor triumphing in intramural football and with the freshmen easily beating the varsity in a President's Day basketball game.

Winter passed after a month or so of sub-zero weather and a busy season for Fr. Dube as skiers commuted between Mt. Mansfield and the infirmary.

Spring came on and chow hall lines were wet, muddy and lengthy. The popular song was "Nature Boy" and the unshaved, levis-clad freshmen often looked the part.

Easter went by the boards, and as freshmen about to become non-freshmen we, in our small winterized minds, realized that next year there would be others to take our place in this lowest form of human life. We were pleased.

Then the last official duty, for some of us, was answering the pointed, though not too sharp, question of just what we had gotten out of college life. Our answers should not be held against us.

The long free summer came on and then September saw us return full of great expectations. American armored cars were patrolling Berlin (the papers said) and Miss Beatrice Shopp was elected Miss America. The Red Sox were leading the American League (Cleveland won) and the Braves were all-conquering on their side of the fence. Mr. Truman was just entering Iowa in the course of his campaign against the Misters, Dewey, Wallace and Gallup. School began.

Fall saw us cheer the home forces as they defeated UVM while "Fuzzy" remarked that he hated losing to a poorer team. We scratched our heads over the adoption of a new school seal. The Michaelman came out solidly against comic books, the Air Force came recruiting and "Notorious" came to Austin Hall.

President Jim Barry

In January, Northwestern beat California, Chiang offered "Peace" to the Reds and Ted Burzenski's hand was in a cast. The mercury hit 53, Evelyn Knight made money and noise with "Powder Your Face With Sunshine," and mid year exams proved fatal for some.

The annual retreat was given by Rev. Francis X. Ryan, C.S.P., and February brought the Winter Carnival, the opening of the Snack Bar and a round of fire cracker entertainments in the flats of Old Hall.

Lent began, with the same, unanswered question being asked of how the Student Council could do more for the student. The waiters were asked what they thought of the waited-on and vice versa, the College Fight Song was put on a record, the student body departed for a basketball game in Boston, and life went on.

St. Patrick's Day came and went and some of the walls in St. Patrick's Hall were left standing. A good will banquet was held at the Mill which had already achieved a reputation for promoting good will. Also on the list of popular hang outs were the Mexican Room, the City Hall and the Champlain Grill.

April offered jobs with the Everwear Aluminum Company and some of the hungrier members of the class were trying to have "Teddy" stand still long enough to cram an apple in his mouth.

Those of us who had been fortunate enough to know Father Cheray felt especially keenly his death in early April. We found it fitting when, the following month, the Science Hall was dedicated to the memory of this member of the original founders of St. Michael's.

The beginning of May brought the printing of the Student Activity constitution in The Michaelman. There were confusions, questions and not too intelligent answers. Summer was approaching and still the "ideal" student had not been found or defined.

Early in June nothing happened, except most of us went home for the summer and in a last sophom-oratic gasp elected Joe Shea, President; Bob Canavan, Vice President; Don Naples, Secretary and Bill Hart, Treasurer.

In September we returned. Three swimmers had crossed the channel in 24 hours, a formal Red government was being organized in China and the Red Sox were leading the Yankees (New York won—and followed up by beating the Dodgers in the Series).

As Juniors we found ourselves dispersed into various halls, forts, garrets, closets and cubby holes in Burlington and vicinity. We were "Off campus."

The local eateries hung out the welcome sign for the members of the class. Among the more popular establishments were Muncy's, the De Luxe, the Above Par, and the "Greeks'." Some, of course, cooked their own meals. What's a little ptomaine between friends?

For the more social activities the Mill continued to hold its own while pollsters recorded an increased swing to the Lotus which boasted classical records, candles and colored pop corn.

In October the Air Force came recruiting again, some claimed that Fr. Maloney scaled Mt. Mansfield in forty-five minutes, and the "Purple Shaft" was proposed and rejected in rapid fire order.

Pat Cavanaugh, the class' studious secretary

CLASS

November brought some new tables to the Dining Hall, the boiler in the Science Hall blew up less all intrigue and Eileen Barton shook the juke boxes with "If I Knew You Were Coming I'd Have Baked a Cake, Baked a etc., etc.,"

The Night of Knights won much renown, Archbishop Cushing was named as Commencement speaker and Dr. Durick, who was frantically trying to infuse minute minds with the value of Literature, was elected President of the Vermont Poetry Society.

In December bids were opened for construction of a new hall and many of us kept a place in our junior hearts in expectation of this desired manner of away-from-home living. Mr. Carr, amid the confusion of Christmas shopping, was looking for a stiffer chess opponent, John Trotier was transformed into Santa Claus and filming began on "Life at St. Michael's" with faculty and students co-operating in the activity.

By January the Philosophy Club joined the Labor Club and the International Relations Club among the newly formed organizations. The Rev. Joseph Smith C. P. gave us our annual retreat and "The Mymic" appeared and disappeared in short order.

"Twelfth Night" went on the boards in Austin Hall and shortly thereafter "Digger" Galligan was called upon to defend himself on charges of participating in the Brink affair.

In March the local police were diligently fining hitch hikers and a cut controversy raged. The first annual St. Patrick's Day Parade was held even though Sloan Simpson was forced to decline the invitation sent her to act as Parade Reviewer.

In early May, students witnessed the distribution of diplomas inscribed MBH (man's best helper) and under the general chairmanship of Joe Shea the Juniors danced to Tommy Tucker's prom music.

In June of 1950 we left for summer vacations, abandoning a campus striated with trenches and generally covered with mud and assorted ingredients that go into the making of a new building and athletic field.

When we returned for our senior year we discovered the new hall not yet completed but at length we found ourselves behind the glass And finally the snows of winter reluctantly melted and we looked forward into the months of spring when a student could pass the aimless days with meaningless little actions.

We were no different from the rest of the army of graduates who finished with their books. The one thing that did individuate us was the fact that we had finally been graduated from St. Michael's. For this we could not really be proud, for more than our own singular efforts went into the realization of this actuality. The times of indecision, the moments of loneliness and the feeling of absolute unaccomplishment were met by more than our individual minds and abilities. We realized that it was only under direct guidance and through the power of prayer and sacrifice that we were able to attach the letters A.B. or B.S. to our names.

Our college was not the most beautiful in construction nor the most elaborate in tradition but for all of us — even the most cynical — it held a way to fashion ourselves into finer men and Christians.

HISTORY

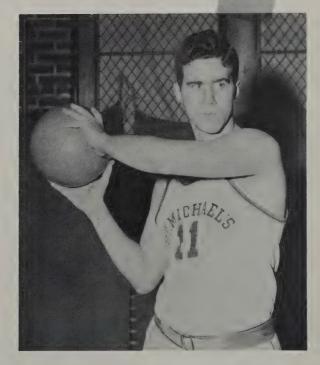

doors, enjoying all the luxuries of Twentieth Century Dormitory Life. There were no more snow-ball fights in the hall. The old days were gone and as part of the Old St. Michael's we had found ourselves transposed into the new.

After four years, Korea was in the headlines again, but many continued to flip to the section which recorded the fact that the Yankees defeated the Phillies in the World Series and we did likewise to UVM in football. The radios gave forth with a southern dance ("Tennessee Waltz") and a chantey about a dark eyed maiden who proved to be "One of the Roving Kind."

The officers began to gather loose ends. Confusion was cleared by President Jim Barry, assisted by Jim Feloney, Vice President; Pat Cavanaugh, Secretary and Dan Fitzgerald, Treasurer.

Don Hayward and Chub Helfrich were responsible for the general success of the Senior Ball while John Swift was student chairman of the "Night of Knights."

Christmas passed and a new year witnessed completion of "Life at St. Michael's" and the forming of a campus unit of the Confraternity of Christian Doctrine which began its activities by assisting pastors in nearby parishes.

Dan Fitzgerald filled the treasurer's position.

STUDENT COUNCIL

eph M. Shea; Treasurer, John A. Terenzini; Recording Secretary, Robert M. Flanagan; Corresponding Secretary, Robert L. Sullivan.

With much sound but not too much real fury, the Student Council plowed through the year 1950-'51, its second under the new Constitution.

Council meetings became increasingly swifter as President Tim Murphy made parliamentary procedure the order of the day and "Robert's Rules" the Council's bible. This was no mean feat since the Council membership reached a total of 30 with the addition at mid years of four freshman representatives. Also a factor which could easily have contributed to much confusion, was the split in Council personnel with seventeen members being class representatives, and thirteen, club representatives.

In '50-'51, here was the set up:

Senior Class: John F. Aubry, Robert M. Flanagan, Joseph M. Shea, Timothy C. Murphy, James H. Barry — President.

Junior Class: James C. McKown, Robert L. Sullivan, John A. Terenzini, John J. Provenzano [114] President.

This is a frosh week activity.

Sophomore Class: John Chachere, John Barry, Joseph Furey, Edward Millette — President. Freshman Class: Joseph Antone, Paul Lan-

dry, John Kendricks, Al Corey — President.

Clubs: Sodality, Thomas Welch; Biology, Ramon DeJesus; Chemistry, David Mauzerall; Outing, William O'Hearn; Mission Crusade, Paul Boucher; Michaelman, Ray Doherty; Debating, Robert Gelinas; NFCCS, William Kenney; Lance, Albert Vanasse; Knights and

Knaves, Dennis Scanlon; French, Tony LeSauter; Choir, Herve Guay; Glee, Albert Fecteau.

During the year John Trotier replaced Thomas Welch as Sodality representative and William Kennedy replaced Ray Doherty for the Michaelman.

Although there was often doubt, and sometimes pessimism, the Council did accomplish much during the year. Most of these accomplishments, or at least, the more tangible of them, were in the realm of Student Activities. Among the more concrete achievements in this field were the following:

Freshman Week which is partly planned and run by the Council, was the most successful of the three such events which have been held to date.

Club budgets were balanced to the fraction of a penny by a budget committee of Jack Terenzini, Joe Shea, Jim McKown, Jim Barry, and John Barry. With nearly \$2,000 less than in the preceding year, and several new clubs requiring allotments, the Council still permitted each club enough money to stage activities nearly equal to those of the preceding year.

School dances were uniformly profitable. This was in contrast to the record of some previous years when it was axiomatic that "good" dances ended up in the red. A system of checks and balances, devised by the Council, did much to prevent this in '50-'51.

The Council seniors look befittingly grave for their picture.

Sitting: J. Barry, J. Shea, T. Murphy, T. Lesauter, D.Mauzerall. Standing: A. Fecteau, P. Boucher, R. Flanagan, R. Gelinas, W. O'Hearn, J. Trotier, R. Doherty, R. DeJesus, D. Scanlon.

Besides Student Activities, there is also another field in which the Council is supposed to operate: Student Welfare. In '50-'51, Council members were continually plagued by the problem of "what promotes the common good of the student body"? And how far can the Council, "act as an official body which will represent the students of the college before the administration"?

Debate on these questions reached its height after "Operation Disaster," and again when the Council was considering a proposal by the Dean of Men that Council members co-operate in the activities of his office.

Tim Murphy, right, listens as outgoing Council President Buck McMahon expounds on the duties of the office. Looking on is Fr. Moriarty, moderator of the Council during its first three years.

There were, however, also tangible accomplishments in this field. An example was the change in junior regulations which was secured by a committee from the Council. Another Council activity which could be classed under the heading Student Welfare, was that of mailing out copies of the 1950 Shield to students who had been drafted or had left college.

In addition, the Council in '50-'51: set up a loan fund to tide "Joe" College over his penniless periods; supervised the Sunday night movies and made up the deficit out of Council funds; acted as a nominating body for "Who's Who in American Colleges and Universities"; and finally, spent much of the year in attempting to have the library left open at noon time.

In all, it was an energetic and conscientious Council. It may; or it may not, have measured up to its own expectations; but it performed its duties as best it could and made a valuable contribution to the school as a whole.

Moderator, Mr. John D. Donoghue; Co-editors, Ray Doherty, William Kennedy; others on masthead.

Among those engaged in Student Activities, perhaps the busiest crew is the Michaelman staff. From the moderator right down to the circulation staff, each member is hustling at his job through the week so that the finished product will "hit the streets" Saturday morning.

It has been the school's policy that the college newspaper should be student operated and for the benefit of the students themselves. In this light, Mr. Donoghue has assumed the position of an adviser rather than that of a censor.

Final responsibility for the over-all coordination of all the departments, lies with the Editor-

in-Chief. The headaches, late hours and hard work make this job the equivalent of a second major.

Under the Editor stand the various departments: News, Sports, Circulation, Advertising, Business, Editorial, etc., all integral parts of the paper.

Behind all these cogs, of course, there must be a central purpose, other than merely disseminating campus news, serving as training for journalism, or providing a medium between adminstration and student.

The fundamental purpose of The Michaelman even though not always realized, is that of serving as a campus spearhead for Catholic Action. Although the results are far from earth shaking, the purpose remains, and gives value to the activities which follow from it.

Moderator, Prof. Harold M. Carr; Delegates: William J. Hindle, William E. Kenney, Thomas F. Shields, Robert E. White.

The National Federation of Catholic College Students is an organization of 80% of the Catholic colleges and universities in the United States. In New England alone 22 colleges representing some 20,000 students are members of the NFCCS.

The basic aim of the NFCCS is to awaken college students in their responsibility in the Apostolate of the Laity, by training them in leadership and giving them opportunities for practical experience within the Federation.

On a more concrete level, the Federation serves the member colleges by acting as a center of information for exchanging ideas on student activities. It also provides a channel through which the students can express their opinions on national issues.

R. White, T. Shields, Mr. Carr, W. Kenney, W. Hindle.

Fr. Higgins was a center of attraction as delegates from all over New England gathered for the Industrial Relations Conference.

N. F. C. C. S.

On St. Michael's campus the NFCCS has concentrated on cooperating with the clubs already set up. Under this program the Labor Club took a prominent position among New England Catholic colleges, as head of the Industrial Relations Commission of the Federation. Also active under this program was the Mission Crusade which set up a New England Mission Committee. In addition, the other campus organizations provided speakers and participated in the pan-

els at the annual regional congress in Boston.

To round out its activities in a busy year, the local NFCCS unit continued its policy of starting new clubs where the need was evident. Under sponsorship of the NFCCS, a Confraternity of Christian Doctrine unit was initiated on campus and a plan was drawn up for cooperation with the local Catholic Youth Organization movement.

WINTER CARNIVAL

Finally, the snow came. The promised sculptures rose huge and grotesque around the campus — and even off campus, as the Companions crowd made its contribution to the carnival. Hours of labor in Austin Hall paid off as a huge snow man rose in the middle of the dance floor to dominate the ball. Then, while flash bulbs exploded, and the crowd applauded, Terry O'Brien was named Queen of the Weekend and her escort, Don LaBossiere, reigned as King.

Athletically, the weekend was an even split for the Knights as they walloped St. A's in Memorial Auditorium, while dropping a close tilt to RPI on the college rink.

Artistically too, it was a success, as the Arabian Knights performed brilliantly at the concert, and St. James came through to win the snow sculpturing contest for the third successive year.

In all, it was the best Weekend yet, and one of which the College, the Outing Club and the carnival directors could well be proud.

Besides the moderator, Prof. Cornelius Hannigan, and the director, Bill O'Hearn, the carnival committee included: Ed Millette, Joe Crowley, Bob Flanagan, Ed Rowan, Don Slaven, John Provenzano, Joe Zacherer, Paul Ste. Marie, Jack Terenzini, Jack Noonan, Stan Hayes, Bill Doyle and Paul Kaminski.

and the committee members, who were glad to see the end of it all.

OUTING CLUB

Moderator, Prof. Cornelius Hannigan, President, William O'Hearn; Co-ordinator of Activities, Joseph Crowley; Secretary, Edward Rowan; Treasurer, Francis Davis.

The Outing Club, which has the largest membership of any club on campus, really got off to a flying start this year. As its first undertaking the club ran one of the most successful Pep Rallies in the history of the school. The snake dance and rally committee, headed by Don Slaven, gave the homecoming Alumni a great welcome.

The Outing Club made with the glad hand over Homecoming Weekend.

The annual Columbus Day hike up the side of Mt. Mansfield was enjoyed by a bus load of Outing Clubbers who defied rain and fog to spend an enjoyable day at the Octagon hut on the summit. This year no one got lost, despite the fog.

The next club activity was the holding of the annual Football Dance. The dance, under the capable direction of George Kieswetter, was successful. The senior members of the squad were honored and were invited to the Winter Carnival as guests of the club. "Doc" Jacobs, Bill Piscone and Barry Brannon were on hand to give the boys a well deserved pat on the back for a great season.

Before we knew it the Night of Knights show was upon us. Who can forget the songs of Paul St. Marie, John Provenzano, Jack Terenzini and Don Slaven backed up by the Black Faced Chorus?

One of the best Winter Carnivals the school has known was run by the club in February. The highlight of the Weekend was the Jazz Concert given by Bill Cofrances, and the great job done in decorations by John Provenzano.

Other events sponsored by the club were the annual trip to Green Mountain, Spring picnics and hikes to nearby mountains.

KNIGHTS AND KNAVES

Moderator, Rev. Edward J. Tining, SSE; President, Dennis C. Scanlon; Vice President, John C. Flynn; Treasurer, John G. Swift; Secretary, William E. Kennedy.

The Knights and Knaves opened the year with their most difficult assignment, that of handling the technical end of producing and staging the "Night of Knights." John Swift was Student Chairman of the production, a variety show put on for the benefit of the Burlington Boys' Club. Swift and Fran Barrett shared the task of M. Ceeing the show while Bill Kennedy helped fill out the show as a rustic Ira Allen and Howie Lancour furnished some sharp piano accompaniments.

Back-stage work by the "Bernies from Wincoski," Blais and Couture and by another Wincoski boy, Rod Billups, plus one "furriner" from New Jersey, Nick Tarrant, furnished the show with sets. Jay Flynn ran the lights while Joe Blasie got ripping mad every time he was addressed by his title of "Wardrobe Mistress."

Two of the least noticed but hardest working members of the club during this show were President "Dinny" Scanlon, the stage-manager, and Don Bliss who helped Fran Barrett with the publicity.

Next on the list of activities were the class plays through which the club picked up two able actors, Ed Ruest and George Dolan, to make up for the tribulations caused by schedule troubles.

Then it was back to Father Tining, the genial (except during the last week of putting on a play) moderator, to start work on "Coriolanus," which somehow turned into "As You Like It," before it went on the stage as a successful "major production."

"So THAT'S how you wanted it!"

BIOLOGY CLUB

Moderator, Prof. John C. Hartnett; President, Ramon DeJesus; Vice President, William Zimolka; Secretary-Treasurer, Paul Shaughnessy.

The year 1950-'51 showed an increase of success and activity for the Biology Club.

During the first semester, the club presented a guest speaker, took a memorable field trip to the University of Vermont Medical School, listened to many well prepared papers delivered by the members, and also sponsored educational movies.

The second semester held as much promise as the first had shown. There were plans for another field trip, for a social function in conjunction with the Honorary Chemistry Society, and for the continuation of the club project, producing a movie on the dissection of a cat.

THE HONORARY CHEMISTRY SOCIETY —

Moderator, Prof. Roger L. Keleher; President, David Mauzerall; Vice President, John Medrek; Secretary, James Early; Treasurer, Ramon De-Jesus; Sergeant-at-Arms, Norris Nash.

During the 1950-'51 school year, The Honorary Chemistry Society expanded its program on an all around basis. The first semester showed an increased interest in activities. Sev-

eral well prepared papers were delivered by the members and motion pictures of direct interest to the society were shown. The society also adopted a key which was to be the official emblem.

The second semester showed even greater promise as Dr. Lemaire had been scheduled as a guest speaker; a dinner-dance was in the near future, and the annual "Maple Sugar Outing" was soon to take place.

THE CLUB CARILLON — Moderator, Rev. John Lanoue, SSE; President, Maurice Guillmette; Vice President, John Chachere; Secretary, Vianney Ferland; Treasurer, Anthony Lesauteur.

With a resurgence of new interest and intention by fifteen members, The Club Carillon became an actual French Literary society.

The "Carilloners" built their entire program of activity for the year around two major projects. The first of these was a play to be given by a well known troupe of Canadian actors in Austin Hall near the end of January. The second

was a trip to Montreal. This trip proved successful, the members visiting Notre Dame Cathedral, the University of Montreal, the Wax Museum and other important places under the generous sponsorship of the Montreal Chamber of Commerce.

With the general activity of informal meetings, readings, discussions, short dramatizations and singing (there are others besides "Allouette" you know) the Club Carillon established itself as a society to perfect the appreciation of French Culture on St. Michael's campus.

THE SPANISH CLUB — Moderator, Prof. Joseph Vinci; President, Jose Handal; Vice President, John Chachere; Secretary, Gustavo Guillen.

The year 1950-'51 proved both educational and interesting for the members of the Spanish Club. Its moderator and student officers conducted a series of lectures and talks on the History and Indian Cultures of South American

peoples. Handal gave a talk on the conquest of Mexico and the invasion of Honduras by the forces of Cortes. Guillen lectured on Indian learning and customs.

The members spent most of the time devoted to meetings reading, reviewing and discussing Spanish newspapers, periodicals, current events and political problems.

It was a year of innovations for the Pen & Mike.

First on the list of new twists, was the change in the name of the weekly program. The show's title was changed from "Catholic Information on the Air" to "Designs for Christian Living." There was also a new time for the half hour program, 12:30 on Sundays over WJOY.

Next came the change in moderators. Early in the year, Fr. McIsaac, who had expended much wit and energy in two years as moderator, was called back to duties in the Boston Archdiocese. Fortunately St. Michael's was able to provide a capable replacement in the person of Fr. Duford.

Another innovation which marked the year 1950-'51, was the practice of producing a cycle of dramas on The Passion during Lent.

Finally, the club this year began to hold Workshop meetings once every two weeks at which the members were drilled in the technical side of radio.

Fr. Duford and John Swift put heads together over a problem.

As in the four years since its institution, the club functioned as a three school organization, though St. Michael's provided the largest percentage of its members. Members also represented Trinity and the Newman Club of UVM.

Despite the innovations, however, the Pen & Mike continued in 1950-'51 to fulfill its basic aims: propagating the faith through radio, and providing practical radio experience for Catholic undergrads.

Moderator and Director, Rev. John M. Faustina, SSE; President, Albert Fecteau; Vice President, Richard F. Gleason; Secretary-Treasurer, Paul Assion; Librarian, George Meisenzahl.

For the formation of a successful singing group many hours of constant practice are necessary. Under the supervision and direction of Rev. John M. Faustina, the Saint Michael's Glee Club has earned considerable recognition as a well-balanced and versatile organization.

Another singing group which has definitely made a name for itself is the Mixed Chorale, composed of specially selected students from Trinity College and Saint Michael's. This chorale, which has been favorably compared with numerous other New England organizations, has used top-flight arrangements, many of which were originally prepared for the Fred Waring radio shows. The success of this chorale has been due to the skillful direction of John Scrabulis and later to that of Fr. Faustina.

Scrubby whipped the boys into shape.

Early in the season, during the Night of Knights show, the annual musical given at Burlington's Memorial Auditorium, both the Glee Club and the Mixed Chorale presented various songs demonstrating their extent of ability and expression.

Later, plans were laid and an intensive rehearsal program begun in preparation for the Christmas Concert and Spring Festival. Probably the best remembered songs presented at the Christmas Concert were the perennial favorites, "The Christmas Song" and "The Night Before Christmas." In April, after an entirely new repertoire had been mastered, a combined Glee Club concert was given in Austin Hall. Several hundred voices representing a total of five New England colleges presented a program including a wide range of musical selections from the early classics to modern times. The height of the evening at this Spring Festival was reached in the second half of the program when the combined voices of all five Glee Clubs joined together in their final presentation of four

The diligence and hard work of the directors and students were the deciding factors in making this and other concerts possible. Saint Michael's points with pride to its contribution to the art of chorale singing, and to the opportunities which its Glee Club has afforded, through this medium, to other New England colleges.

To develop the thinker as well as the speaker — this is the ultimate purpose of debating. For it is only by being able to think on his feet — to express his ideas logically and clearly, that the student can put his years of study to work.

At St. Michael's, the Newman Debating Society has always believed that debating is meant for everyone, regardless of ability or chosen field. Clear thinking and intelligent speech are the vehicles by which any member of society grapples with the everyday problems of living. Hence, the true concept of liberal education — to train every man to be a well rounded man.

Under the guidance of the moderator, Prof. Edward Murphy, this program is split into three phases.

students in some of the top eastern colleges. For the novices, there is the annual Dartmouth Novice Tournament and the St. Michael's Tournament which has been held for three successive years.

Finally, for those who do not wish to engage in formal debates, there are informal discussions held at the weekly meetings.

THE LANCE

Moderator, Prof. Edward J. Pleifer; Editor-in-Chief, Alfred Vanasse; Associate Editor, Gerald Heffernan; Literary Staff, Ralph Diehl, Christopher Carey.

The Lance, a student publication, is that student organ that strives to prove college students do think of other things beside beer and comicbooks. Perhaps the best way to emphasize the aims of the publication, is by giving a quick roundup of the staff.

Editor A. Vanasse is remembered for his short story, "The Waterfront," which was the cause of much comment by both students and faculty. Word has arrived that Al has written another hit titled, "My First Marihuana Cigarette." This has been banned in Boston and thus failed to appear in The Lance. Jerry Heffernan has distinguished himself as a poet, but this fact should not obscure his ability at short story writing. Ralph Diehl and Chris Carey, whose work on the Literary Staff was somewhat hampered, managed the publication very well. Ralph, a regular contributor, is regarded by

those interested as a short story writer, while Chris has had many poems published.

In looking over some of the contributions of this year we would like to mention Stuart Harrison's fantasy and satire on women. It is good this is not a co-educational college as we should be writing this posthumously.

Jim Carrol published an adventure story titled, "Moses and the Promised Land." For those interested in the cultivation of apples, or in cooking, we recommend Ronald Brady's story.

It is Francis Lennon, whose poems, "Autumn Day," "A Prayer From Underground" and "Sunday Mass" will long be remembered that we proudly claim as the finest writer of the senior class.

SODALITY

Moderator, Rev. Leon Paulin, SSE; President, John Trotier; Vice President, Eugene O'Neil; Treasurer, William Doyle; Secretary, Paul Thibeault.

The Sodality is one of the oldest student organizations on campus. The principal ambition of its seventy-six members is to foster a deeper devotion to Our Blessed Lady, not only among its membership but also among the student body as a whole.

During the year 1950-'51 its program of activities, including discussion groups and special devotions, was under the direct su-

pervision of its Moderator and club officers.

Along with its duty of assisting in the care of the College Chapel the Sodality also assisted the newly established Carmelite Convent at Williston, Vermont.

One of the praiseworthy and interesting events of the year was the Montreal trip, made to see the many religious points of interest in and around that Canadian city. Toward the close of the school year both the Sodality and Mission Crusade held a joint Communion Breakfast. It was a successful event for those attending and fitting climax to a spiritually successful year.

MISSION CRUSADE

Moderator, Rev. Maurice Boucher, SSE; President, Paul Boucher; Vice President, Lloyd Nolan; Secretary, Bernard Flynn; Treasurer, Donald Ryan.

Directing the greatest part of its activities to the support of the Selma Boys' Club, the Mission Crusade managed a strenuous schedule in the year 1950-'51.

Some of the fund raising activities included: Sunday collections, directed by John Carbonneau and Bill Cofrances; a mite box system organized by Bill Doyle; a jazz concert arranged by Bill Cofrances; and a Christmas card sale.

Through the NFCCS the club functioned as a mission committee for the New England region. Paul Boucher was chairman of this program, assisted by Bernard Flynn.

An extensive spiritual program was carried out. Under the direction of Bob Lesch religious pamphlets were distributed. The club held a monthly Communion Sunday, and a Communion breakfast in the early spring.

THE INDUSTRIAL RELATIONS CLUB

Moderator Prof. James J. McLaughlin; President, Anthony Marsiglio; Vice President, John Cameron; Secretary, John Conway; Corresponding Secretary, Harold Carey; Treasurer, George Dudley.

For the past two years The Industrial Relations Club has been successfully and progressively functioning. The specific purpose of the club is to foster a more complete, clearer understanding of existing labor problems.

At a regional meeting of the NFCCS in Boston last year, St. Michael's Labor Relations Club was given the honor of sponsoring a panel to include all the New England Catholic Colleges; also to include prominent speakers representing Management, Labor, Government, and the Catholic Church.

Throughout the year the Labor Relations Club invited many speakers to its bi-monthly meetings thus promoting interest and enthusiasm for one of the largest student organizations on campus.

THE INTERNATIONAL RELATIONS CLUB

Moderator, Prof. J. P. O'Beirne; President, Robert Laforge; Vice President, James Sheeran; Secretary, Charles Danehy; Treasurer, Robert White.

The International Relations Club was formed during the 1949-'50 school year by those students who realized the need for a knowledge of international politics, and the evaluation of them in the light of history and Christian ethics.

This year, under the direction of President Bob Laforge, assisted by program chairmen Jim Stafford and Bob Morway, the club has held a series of lectures and debates which never failed to provoke interesting discussion. It also compiled an enviable record of discussions with other colleges.

With the graduation of the Class of 1951, the International Relations Club has completed two years of study and action in this important field. The progress made has been due largely to the co-operation of faculty moderator Prof. J. P. O'Beirne and the student officers who have given much of their time and effort to insure success.

"Fiercely they followed on their bold emprize,

-"The Faerie Queene," Book IV, Canto IV Edmund Spenser

It looked like a good season. Gone were the Dalys, Knights, Conleys and others who had carried much of the burden during our first three trying years of football and in their place were the members of three successive freshman teams which had proved practically unbeatable in yearling competition. This was to be the first team which had entered St. Michael's wholly since Doc Jacobs had taken over as athletic director. It was the Doc's baby and we expected great things of it.

So back we came from a summer of dodging the draft board and wincing at headlines—ready for another year of school, another season of football, and particularly, ready for another crack at our friendly rivals from the next hill, the Catamounts of Ver-r-r-mont.

VERMONT — It was an opener we'd long remember. For the first time in the history of the college, the Knights were playing in their own football stadium. It was homecoming weekend, the weather was fine and warm, our own band serenaded us at half time, and all seemed well with the world as we and some six thousand others settled down for the game.

Vermont however, opened up as if they intended to put a quick end to the festivities. On the kickoff, Bob Brown, Vermont halfback, took the ball on his own five and almost broke away before he was hauled down from behind at midfield. The Catamounts then added another 30 yards before the Knights finally stiffened on their own twenty.

Neither team was able to do much for the next few minutes but late in the first quarter the Knights started moving. Ken Casperson sent hard driving Frank Simas and Jack Heggarty cutting through the Vermont line and St. Mikes was soon on the Catamounts' four. Simas then turned his own right end to score and when the placement failed, it was St. Michael's in the lead, 6-0.

After an exchange of punts, the Knights made it 12-0 on a beautiful pass play from Casperson to Jack Meisel. This time, Art Coggio drop-kicked the point-after to boost the Knights' lead to 13 points. Vermont came roaring back however, as a Kehoe to Brown pass made it 13-6 at half time.

Midway through the third period, speedy Mike Carr took a pitch-out from Casperson and raced into the end zone. Coggio came through again to make the scoreboard read: St. Michael's 20-UVM 6.

In the final quarter, Dick Stokes, who plagued the Catamounts all afternoon, blocked a kick. Pete Plourde then smacked the center of the line for the five remaining yards to make it 27-6 at the end of a very enjoyable day.

NORWICH — With an impressive win over Vermont behind them, the Knights moved to Northfield to eliminate another obstruction in their quest for the state title. The Cadets of Norwich however, proved a little tougher than expected and the Knights were able to score only once in the first half. This score came on the very first sequence of downs in the first period as St. Michael's rolled to the Norwich five from where Jack "Ripper" Heggarty carried over.

The second half was a different story however, as the Knights ran roughshod over the hapless cadets. Frank Simas scored twice on short line bucks within five minutes of the kickoff. Then Norwich opened its only sustained drive to march 67 yards to score.

But with Ed Krupinsky calling signals and passing brilliantly, the Knights roared back. A Krupinsky to Simas pass racked up the Mikemen's third score, and just before the period's end, they scored again after recovering a fumble on the Norwich ten.

The fourth period was just too much Carr for the Cadets as the blond sophomore reeled off two beautiful runs, both of which set up scores. The first time, Mike romped 55 yards to the Norwich five, from where "Pistol" Pete Plourde tallied. The other run ate up 30 yards leaving eight for Frank Simas to traverse for the last touchdown in the Knights' 44-7 win.

ARNOLD — A crowd of 4000 turned up at St. Michael's to watch the first Sunday football game ever played in the state. The crowd was well satisfied when Frank Simas bulled over with his third touchdown, four minutes before game's end as the Knights came from behind to edge Arnold 26-20.

It looked bad at the start. The game was only a few minutes old when Carmine Toscher flipped a short pass to the gigantic Arnold end, Andy Robustelli. Robustelli made the TD and Webb made it 7-0.

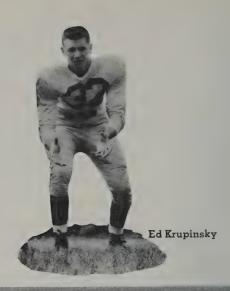

"Big Sid" Whitlock Joe Hermans [139]

V A R S I T Y

The Knights soon retaliated as Ed Krupinsky intercepted an Arnold pass to set the stage for a Ken Casperson to Dick Stokes touchdown pass. Arnold was right back however, as "Wizzer" Webb sped 30 yards on an end run, and then plowed the one remaining yard for the score.

In the third period, Krupinsky again intercepted an Arnold pass, and three plays later Simas scored from three yards out. Coggio's conversion tied it up at 13-13. The Knights quickly tacked six points on to this as Harry Young recovered a fumble and Frank Simas shot over from the five.

Early in the final period, Webb limped back into the Arnold lineup and unfolded a dazzling 64 yard jaunt which put the Connecticut team a point ahead of the Mikemen, 20-19.

With the situation getting desperate, Dick Stokes made a spectacular catch of a long Casperson heave to set the stage for Simas' game winning run.

SPRINGFIELD — Putting their undefeated record on the block, the St. Michael's gridsters moved into Springfield, Mass., to engage the high powered and highly rated Springfield College eleven. Playing minus the services of Frank Simas and Ed Krupinsky, the Knights were in for a rough afternoon as the Springfield club rolled up a 23-0 decision.

In the first quarter Leon Hannigan, the Maroon full-

back, started his team's scoring with a five yard drive and Doherty added the extra point. Minutes later, Frank Mirago grabbed a Casperson pass and raced the remaining 25 yards to make it 13-0.

After this, the Knights stiffened until near the end of the half when Doherty booted a 25 yard field goal to make the score 16-0.

The Knights started the second half like a new team. Taking the ball on the kickoff they moved the length of the field only to loose possession on a fumble inside the Springfield 10. Again, midway in the third quarter the Knights penetrated deep into Springfield territory only to fumble. These two bad breaks plus the play of the bruising Springfield line proved too much for the Purple and when Angelo Insalaco circled his own right end to score in the fourth quarter, the day was over for the St. Mikes rooters.

HOFSTRA — On a gusty rain-soaked November afternoon, the Purple Knights entertained the "Flying Dutchmen" of Hofstra College. Proving themselves good mudders the Knights swamped the visitors 41-6 with "Pistol" Pete Plourde and Jack Heggarty totaling 281 yards between them.

The "Dutchmen" opened the day's scoring but their lead was short lived as Plourde tallied twice in the second period to send the Purple ahead 13-6. Coggio added the extra point.

In the third period, after a 60 yard march which was featured by Heggarty's running, Plourde tallied again. Before the period's end Heggarty himself added one and

Coggio made it 27-6.

Despite Doc Jacobs' free substituting, the Knights could not be stopped and Ken Casperson tallied on a beautiful bootleg play. Don LaBossiere then pulled down the curtain with the most spectacular run of the day, a 78 yard punt return which racked up St. Michael's last touchdown.

A. I. C. — Back again in the city where they had met their first defeat the Knights were once again on the short end of the odds as they squared off against American International College. This time however the trip back was a pleasant one for the Knights who upset the dope and edged the Aces 19-14.

After a scoreless first period the Knights got things rolling as Frank Simas climaxed an 80 yard drive by

turning right end to score standing up.

On the following kickoff, the Gannonmen came roaring back to go into the lead on a Salvucci to Lukasiewicz pass. Murph Butova added the precious point after.

Before the half ended Ken Casperson passed to Bob Kateley in the A. I. C. secondary and Kateley went over

to give St. Mikes a 12-7 halftime lead.

With Salvucci doing the heavy work, A. I. C. came back and made the score 14-12. Then, as time ran out, St. Mikes took to the air and Ed Krupinsky hit Kateley in the right flat to give the big North Adams lad his second TD of the day. Art Coggio added the extra point and the Springfield Michaelmen were able to celebrate α 19-14 win.

LOYOLA—The best football season in the history of the college came to a tumultous conclusion as the Knights trounced a helpless Loyola of Montreal team, 75-0. The Mikemen scored at will even though Doc Jacobs kept his first team benched for most of the game.

There was no doubt about the outcome from the very first moments and by the time the teams changed ends at the quarter, the Knights were coasting on top of a

34-0 advantage.

Jack Heggarty batted 1,000 for the fray, scoring on all of the three times he carried and averaging 30 yards

per try

Mike Carr, playing for the first time since the Arnold game, led the Knights in scoring by crossing the chalk lines three times. This was despite the fact that the blond sophomore carried only six times in the whole afternoon.

Simas, the state's high scorer, also managed to get

into the act with three TD's.

The remaining scores were chalked up by Ken Casperson and Al Cioffi and Art Coggio drop-kicked four

points after.

Loyola could do next to nothing against the St. Michael's line led by "Tiger" Hermans, Jim Whitlock and Dick Klaess and the Canadian team returned home with little to show for its harrowing afternoon in Winooski.

FRESHMAN FOOTBALL

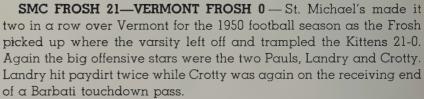

The post war era at St. Michael's has seen some strong freshman football teams, and this year's edition of the Purple Squires was no exception. Barry Branon's frosh went through an undefeated, untied, unscored upon three game schedule with near ease.

SMC FROSH 25-ST. LAWRENCE FROSH 0-T his was the opener for the Squires and supposedly a real rugged curtain raiser. The Larries had already played two games, wrapping them up in convincing fashion and neither of their opponents had scored upon them.

However, once the game started there was little doubt of the outcome. The first quarter was scoreless, but in the second quarter the Squires opened up, with two scores.

The first touchdown was scored by little Paul Landry, 150 pound scatback. Shortly after the Squires got their hands on the ball again, quarterback John Barbati connected with end Paul Crotty for the second six-pointer.

In the second half, St. Michael's added two more touchdowns but these were unnecessary insurance as the Larries just couldn't cross the goalstripe. The final scoreboard read St. Michael's 25, St. Lawrence 0.

As in the St. Lawrence game the scrappy Frosh line piled up the oppositions offensive movements. Among those who showed definite promise were Bob Leahy, guard; Joe Tricario, center; and Jim McDonald, end.

SMC FROSH 24 — MIDDLEBURY FROSH 0 — The Squires convincingly wrapped up their successful football season by whipping the Panther Frosh 24-0. It was another field day for Landry who piled up all four touchdowns. This gave the mighty mite individual scoring honors for the Frosh squad. His seven touchdowns accounted for 42 of the Squires' 70 points.

This was going to be, we figured, the greatest basketball season in the school's history, perhaps, the greatest it would ever have. Back practically intact was last year's 17-5 team. There was also much talent due to join the varsity from the freshman team which had swept its schedule the winter previous. In addition this was to be the last year for our big man — Ted Burzenski, as well as for Dan McCarthy and scrappy Ed Markey. If ever the Knights were to hit the big time, we thought, this would have to be the season.

The schedule seemed to bear us out. We ran down the list of opponents and figured that Dartmouth, Creighton, Texas Wesleyan, Loyola and Taylor would all be dangerous. Tufts and Springfield we put into the "maybe" category while St. Anselms and Vermont were the teams we had to beat in order to maintain our self respect.

Calculating the odds in advance (this was in the pre-scandal days) we thought our chances were about equal of either going undefeated or of turning in a .500 season.

And with this interesting conclusion we swung into December and the beginning of the basketball schedule.

The Dartmouth Indians were our opponent in the season's lid lifter which was played, of all places, in the Barre Auditorium. The famed "Doggie" Julian was handling the coaching down at Hanover and the Knights were wondering if Julian's Dartmouth club would resemble the NCAA champs he had piloted at Holy Cross.

Jim Farley got things going, however, as he dropped in a foul for the first point of the game, and the Knights held on to the lead until, with five minutes to go the Indians moved ahead, 40-37.

It looked bad at this point but the Knights were in no mood to get scalped as George Barry, Paul Stapleton and Barry again hit on successive shots to put the Purple back in the driver's seat.

The postmaster then dumped in another driving lay up to bring his point total to 13 and leave him tied with Ted Burzenski for scoring honors when the game ended a second later with the Knights on the high end of a 46 to 42 count.

The opener had been slow and somewhat sloppy but the Knights now moved into high gear. Entertaining Champlain in Memorial Auditorium the Purple easily racked up an 83-56 triumph.

Picking up where he had left off the season before, big Ted Burzenski tossed in 10 field goals and a foul shot for a total of 21 points. Hook shot artist Paul Aumand hit for 13 as did "Dangerous" Dan McCarthy as the Knights swung back into the form expected of them.

The managers - Don Droulette and Jack Barry

Next on the schedule was Middlebury, first of the Vermont Conference teams to square off against the Knights. Playing without the services of their high scoring center the Branonmen still had little difficulty in icing away a 78-43 win.

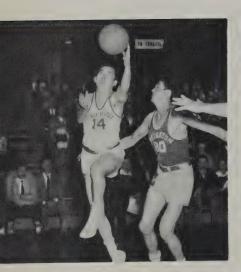

With Burzenski out, Jim Farley took up the scoring duties for the Knights and poured six field goals through the hoop along with eight consecutive foul shots which added up to a respectable 20 points. "Steady" Eddie Markey followed Farley and contributed 14 points mostly on driving lay ups.

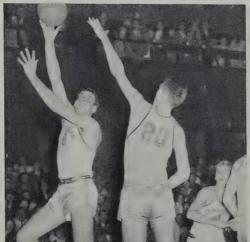

Christmas vacation was now only a couple of days away but while the rest of us were packing, the basketball team was already off on a three game trip to AIC, Becker and Tufts. Even without Burzenski the Knights had little trouble disposing of the Aces and the Becker College Black Knights. In the AIC tilt it was Paul Stapleton who took the scoring honors with 20 points towards the Purple's 76-32 victory.

Against Becker, St. Mikes had still another high scorer, this time Bob Kateley whose 15 points helped wrap up a 60-48 decision.

Now came another one of those "Big" games. For two years in a row the Knights had visited Boston with high hopes and left with bitter memories. Once again the Purple invaded the hub and once again the Boston Michaelmen were disappointed as the Knights dropped a 62-59 heart-breaker to Tufts.

Three seniors who hooped their share and then some — Danny, Big Ted and J'oisy Ed.

Despite the great play of George Barry who tallied 17 points the Michaelmen just didn't have it and their five game winning streak evaporated in the airy confines of the Boston Garden.

Returning to the sanctuary of Memorial Auditorium, the Knights bounced back into the win column with a thrilling 91-80 win over Taylor University of Indiana. Ted Burzenski led the scoring parade with 30 points and Paul Aumand, Jim Farley and George Barry chipped in with

18, 15, and 10 respectively as the Branonmen turned in one of their best performances.

Suffering somewhat of a relapse after the sensational Taylor tilt, the Knights were forced to extend themselves to notch win number seven with a 51-46 decision over a stubborn Williams five. With Farley called home by illness in the family, Dan McCarthy stepped into the breach to top the scoring with 10 points.

Now the Knights swung into what looked like the toughest stretch of the season with Creighton of Nebraska, Loyola of Maryland and R. P. I. due to provide the opposition. The Michaelmen, however, refused to be awed by the press clippings and their three "big" opponents were merely wins number eight, nine and ten for the Knights.

High scorer in the 59-51 decision over Creighton was Dan McCarthy who also led the attack as the Knights turned back Loyola 57-46.

In the victory at R. P. I. it was Burzenski who led the parade with 21 points as the Knights broke the "Engineers" home streak of 15 straight. The final tally in this game was St. Michael's 71, Rensselaer Polytech 49.

Home again, the Knights returned to state conference play and picked up win number two by easily defeating Middlebury 66-46. Paul Aumand topped the scorers with 16 points, one more than Barry's total.

This brought the Mikemen to another intersectional contest. Boasting an impressive record and a wealth of height, Texas Wesleyan rolled into town complete with ten gallon hats and boots.

We best Dartmouth (top picture) but not Tufts (second picture) then we came back and burnt up the court against Taylor.

And Creighton was no problem

Stape and Paul Aumand helped turn back Williams...

The Texans found little warmth in their greeting, however, and when the buzzer sounded they were on the short end of a 75-61 count.

For the Knights it was another great team victory with three men hitting for double figures. Burzenski poured 22 points through the hoop while Jim Farley hit for 20 and Dan McCarthy chipped in 14.

Fresh from the Texas win, the Knights were now opposed by a powerful St. Anselm's club which was being hailed as one of the best in New England. However, the visitors ran into a better club and were handed a stunning 73-51 defeat before a highly pleased Winter Carnival crowd.

Burzenski again was high scorer as he dropped in 24 to bring his season's total to 181.

Moving to Canton, N.Y., the Knights continued their winning ways by whipping a determined St. Lawrence team. Burzenski's 18 points were high again as the Mikemen came from behind to eke out a 67-55 victory. Although the win was satisfying, the trip was even more memorable for the bus ride back on which the team was stranded for some seven hours.

Norwich was the next victim on the list and the "horsemen" were easy pickings for the Knights who racked up their third conference win, 60-42. Burzenski and Barry contributed 14 points apiece to pace the attack.

It was a horse of a different color the next evening. Traveling to Manchester, N. H., the Mikemen dropped their second game of the season as the St. Anselm's Hawks revenged themselves with a 57-44 victory. It was just a case of too much Bob Williams as the Hawks flashy playmaker led the home team to victory. For the Knights, Burzenski was high with 14.

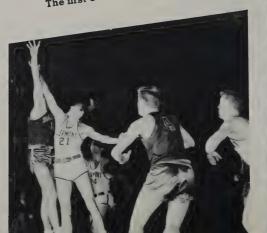

Home again, St. Michael's ran its Memorial Auditorium win streak to 19 straight as it edged a stubborn Vermont five. In a roughly played contest, the Knights were never able to build up a comfortable lead and despite Burzenski's 15 points the final score was only 54-49 in favor of the Branonmen.

Moving to Springfield, Mass., the Knights proved an easy prey for Springfield College with the "Gymnasts" ending up on the pleasant end of a 64-53 count. The Knights had little luck from the floor with only Barry and Kateley showing any real success. Barry's 17 was high for the Mikemen.

Special delivery by Kateley

The first UVM game was tough...

But the return match was a little easier.

After a week's rest, the Knights were able to give a better account of themselves as they faced Vermont for the second time. With Barry turning in a great floor game, and Burzenski tossing 29 points, the Knights ended the tilt on top of a 66-58 win. The game gave St. Michael's the state title for the second successive year.

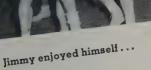

Playing their last home game of the season, the Knights trounced a hapless Norwich five 76-45. Big Ted Burzenski was the center of attraction as he attempted to cut into the 31 points which stood between him and a record of 1,000 points for his career. The hawk fell short however although he still hooped in 26 for the Knights.

FRESHMAN BASKETBALL

After getting off to a mediocre start, the St. Michael's freshman basketball team won their last three games to wind up with a 6-3 mark and a successful season for new coach, Bill Piscione.

The highlight of the frosh season was provided by the two games with the Vermont freshmen. Games with UVM are always watched with excitement whether they be varsity or freshman tilts. This season the frosh contests provided equal interest with the varsity games.

Middlebury proved easy.

Ed Markey also closed out his career at home with a brilliant exhibition. The only remaining member of the whiz kids of our freshman year, Joisy Ed dropped in 10 points on driving lay-ups.

Dan McCarthy, played his last home game in his usual standout defensive manner, passing up many scoring opportunities in order to feed the Hawk.

Riding high on the crest of the finest season ever recorded by a St. Michael's quintet, the Purple Knights brought their season to a close with a 61-50 win over Champlain.

Early in the first half big Ted Burzenski broke into the charmed 1,000 circle and his 12 points for the evening made his three year record 1,007 points.

Bob Kateley was high man for the Knights with 17 points while close behind came "Nick" Stapleton with 16.

It was the nineteenth win of the season for the Mikemen who then prepared to enter the National Catholic Invitational Tourney at Albany.

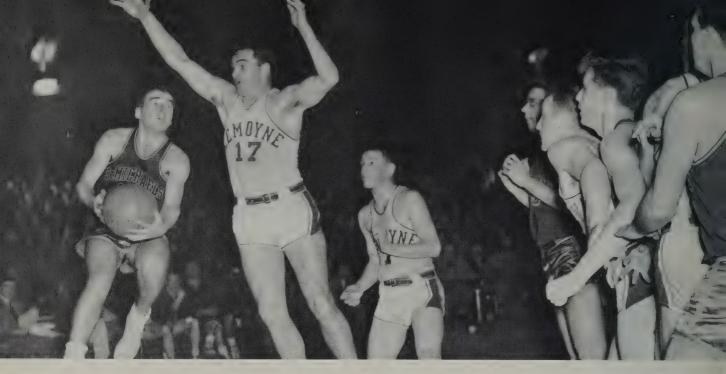

After dropping their first tilt to the Kittens, 67-55, the Squires came back to reverse the decision. Definitely up for this second game, the Squires upset Vermont 54-51 as Jack Polworth led the way with 22 points.

Constantly improving, the Squires showed their best form in their last game as they ran Champlain's JV's into the ground. The score was 80-59.

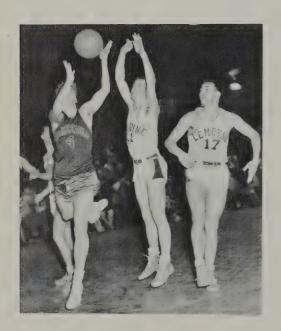

High scorer for the frosh was Jack Polworth with 100 points in 7 games, a 14.3 average. Bob Brouillette with 97 and Paul Crotty with 93 ran two, three. John Donovan with 92 and Red Clark with 83, rounded out the first five scorers.

Half time score: LeMoyne 51, St. Michael's 25 Officials: Solodar and Fuchs

Playing the hottest team they had faced all year, the Knights were eliminated in the opening round of the N. C. I. T. tourney in Albany. The victors were the red hot LeMoyne College hoopsters who roared to a 95-67 decision over the Purple.

The Knights didn't stand a chance as the boys from Syracuse hit on 10 of their first 14 shots to jump away to a 22-5 lead in the opening minutes of the first half. By half time the scoreboard read 51-26 in LeMoyne's favor, and the winners were able to coast home.

After their slow start, the Mikemen battled LeMoyne on even terms but they could do little to overcome the overwhelming early lead. Big Dan Savage led the fast breaking victors with 33 points besides playing a tremendous board and court game.

Ted Burzenski hit for 18, most of the points coming in the second half. Jim Farley and George Barry also stood out in a losing cause as did Dan McCarthy. For McCarthy, as well as for Burzenski and hustling Ed Markey, it was the last basketball game in the purple and gold of St. Michael's.

Stape gave it all he had.

Front: J. Conway, Buckley, Woodworth, Duggan, McIntire; Back: Flood, Fecteau, Igo, Gleason, Brown, Nolan, McDonough, L. Conway.

Four of the senior members of the firm: Conway, Duggan, McIntire and Fecteau.

HOCKEY

Handicapped all season by poor ice, the Purple Knights hockey team was forced to cancel five games and settle for an abbreviated six game schedule. Under the careful guidance of Rev. Garrett B. Larkin the SMC pucksters wound up sporting a 3-3 record.

Pacing the Knights for the third season in a row was the indomitable Jim Feloney. The slender cocaptain from Cambridge, Mass., tallied 16 of the club's 33 goals, and found time to chip in with four assists for a grand total of 20 points. The "Rocket" as Jim was known at St. Mikes will go down on the records as one of the hockey immortals on the Hilltop, and with good reason.

Jim was particularly hot versus Norwich, sinking three and four goals respectively in the two Norwich-SMC encounters. In the second of the two tilts, Jim pulled the "hat trick" within ten minutes time, during the third period. Before the Cambridge lad went on his scoring spree the Knights were trailing 6-3. The final score found St. Mikes on top 8-7.

The "Rocket" lit many a red light.

HOCKEY

The second man in the high scoring Knights machine was Jack Conway. Conway, the other co-captain, and the center for the first line found the scoring range for five goals but his true value to the team was indicated by his 12 assists.

Third member of the first line was "petit" Al Fecteau. Al hit for 13 points in the six tilts on six goals and seven assists.

The three seniors between them accounted for 28 of the team's 33 goals this season.

Also bidding farewell to hockey at St. Michael's was brawny Tom Duggan the likeable defenseman from West Roxbury, Mass. Duggan spent three years happily dumping opposing players to the ice and occasionally pulled a "Pat Egan," as in the R. P. I. game when he ended a

solo dash by lighting the red light.

Last of the seniors was John "Red" McIntire who put punch into the second line.

Other players to show great potentialities were Dick Gleason, fourth high scorer, Jim Buckley, Tom McDonough, Ed Magnen, Leo Conway, Bob Parenteau and old reliable Ernest "Gubbie" Woodworth, the goalie.

SKIING AND SPEED SKATING

Two minor teams became even more minor in 50-51.

After a better than average season a year ago the skiing team found itself pretty well stymied this winter. Although they had the nucleus of a good squad, the skiers were hampered by the lack of early snow and by the difficulty of maintaining themselves with no coach or direct administration support.

On the other hand, the school's two man skating team did well for itself at the Dartmouth Carnival and at the Vermont State Championships.

At Dartmouth, Bob Flynn took a second in the 220 and in the Vermont meet took first in this event. John Trotier took two thirds in the State championships, one in the 220 and one in the 440.

John Gallant, Joe Zacharer, and Louis Paini . . . three skiers looking for a team.

With a fair number of veterans, and some help due to arrive from the ranks of the underclassmen, the varsity baseball team started the 1951 season.

Hopes were high during the pre-season practise that the team would improve on the 6-6 record compiled by the '50 squad.

In the advance speculation it appeared that Coach "Doc" Jacobs would have to bank heavily on his veterans such as Ed Markey, Tom Sullivan, Dick Fitzgerald, Joe Palermo and Jack Smith, the seniors on the team. In addition, Jack Cronin, RBI leader in '50, and Dixie Walker, were expected to add punch to the line up.

Others figuring prominently in the pre-season dope were Jim Garvey, Bill Gosselin, Jack Whelan and Jim Devaney.

But most prominent of all in the prognosticating was another figure—the weatherman. To a large extent, the success of the Knights was due to depend on the Vermont Spring which had proved itself consistently uncooperative over the past four years.

Joe Palermo
